Hello Pirate Families,

Many educators refer to this time of the year as prime learning time. Teachers and students are settled in to their new class and are comfortable with routines, teachers know their students' strengths and areas for growth, and students know what they can expect from their teacher. There is much to learn and accomplish this second half of the year. If you haven't already done so, please take a moment to speak with your child(ren) about their 2nd nine weeks report card that was published last Friday. Your encouragement and support goes a long way.

Last week, I held grade level expectation assemblies with students. Highlights from the assembly include: My expectation for all "at Palencia Elementary, we get smarter and smarter each day" and "we take care of each other", reminders for fire and lock down drills, keeping our school clean, and how to be a good friend to others. We enjoyed ending each session all reciting and acting out our school's mission statement "We are a CREW, setting SAIL, into tomorrow's world."

Good news! Palencia Elementary won 3rd place in the Old Town Trolley's Holiday Tree decorating contest and received a check from INK (Investing in Kids) for \$250. Funds will be used for playground equipment. Thank you Erin Glennon, 5th grade teacher, for spearheading this for our school.

Together in Education,

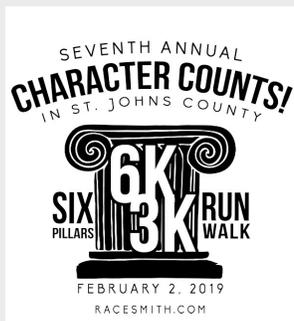

Captain Goodrich

SUMMER MARINE SCIENCE PROGRAM

Applications for the summer Marine Science Program will be passed out by science teachers at all schools during the week of February 11th. Applications will be due back to science teachers by March 5th. Applications can also be downloaded at any time from the website prior to April 12th at <http://www-grms.stjohns.k12.fl.us/> and click on the Marine Science link. The link also will have a complete day by day curriculum for each grade level, parent information, and a video from last year's program.

This summer program is available to all students currently in grades five through seven and has been sponsored by the school district since 1982. Three eight day sessions are held at Gamble Rogers Middle School with bus transportation provided. The dates for the three sessions this summer will be May 29st through June 7th, June 10th through June 20th, and June 24th through July 3rd. Small classes of 12-14 students are separated by grade level. All instructors in the program are St. Johns County School District teachers.

The Marine Science Program is a carefully designed experience for responsible students who are interested in learning about our local marine environments. Learning is "hands on" in the field with students kayaking, canoeing, boating, hiking, snorkeling, sailing, windsurfing, surfing, SUP, (stand up paddleboarding), etc. Specific grade level activities and curriculum are attached to the applications and are also available from the website.

More information about the program can be had by emailing Kristina Bransford at marinescienceprogram@stjohns.k12.fl.us

Reading Rally Magazine Fundraiser

We will kick off our fundraiser on Thursday, January 24 when packets go home with our students. Our goal is to promote reading and raise money for a

Little Free Library that will be placed on the edge of our school property. In addition we will use funds to support our News Crew and Safety Patrols in their end of the year activities. Click on the link to support our school by purchasing a magazine subscription or Tervis Cup for your family.
